

## MEXICAN PROBLEM IS NEARING A SETTLEMENT

PROTOCOL READY  
FOR THE SIGNING  
WITHIN ONE WEEK

Washington, May 28.—That mediation will have settled the Mexican problem before Huerta will be in a position to use the arms landed at Puerto Mexico, was the opinion expressed here today.

Secretary Bryan conferred with President Wilson three times during two hours. Denial was made that the mediators had reached a stage of protocol or that a tentative protocol had already been arranged.

"The situation is now very encouraging," was the way Secretary Tumulty put it, "but to say that a protocol has already been drawn is very premature."

On authority of Secretary Bryan, it can be stated, that the situation involving the constitutionalists will be cleaned up in 24 hours.

A high official said that a protocol would be signed within one week.

## Denies Landing of Munitions

Washington, May 28.—The day has been agreed upon, it is said, for the signing of the protocol. It now rests with the mediators to report to the president whether they will sign the agreement or not.

It is said that the protocol includes no direct plan for restriction of the land question which has been back of every revolutionary movement in Mexico. Just how Huerta will be dealt with was not made public. It is generally understood, however, that the mediators have supported the Mexican delegates in their demand that Huerta be allowed to run for president should he care to do so.

They say the other cargo is still intact. The Bavaria had been detained at Vera Cruz on her arrival there without her manifest or clearance papers.

Secretary Bryan directed General Canby to investigate and report at once.

While reports were also current that protests had been made of the landing which is a violation of the agreement against the landing of the war cargo after it had been assured that officials of the Hamburg-American line would order that both the cargoes of the Ypiranga and the Bavaria be turned back, as was the Kron Princess Cecilia.

Washington, May 28.—General Carranza today assured the British ambassador here that foreigners in Mexico will be subjected to "no unjust or inequitable burdens."

This was occasioned by inquiry particularly as to the Tampico oil fields and was regarded generally as satisfactory.

Carranza May Join  
Washington, May 28.—Negotiations with Carranza either to have him take part in the A. R. C. conference or agree to the solution being worked out at Niagara Falls were in such condition that a favorable reply was expected from him. A definite plan has been laid before Carranza and a reply is expected soon. Exactly what the plan is was not divulged, but it is understood to include acceptance of a provisional government at Mexico City and land reforms.

At all events it appeared certain that Huerta in reaching an agreement the mediation has proceeded to such a point that any action on the part of the constitutionalists would have no effect.

The main points at issue

MANUFACTURERS PETITION PRESIDENT  
TO SUPPORT FAVORABLE LEGISLATION

Washington, May 28.—Officers of the National Implementation and Vehicle Association, the Ohio Manufacturers' Association and the Illinois Manufacturing Association called on President Wilson and petitioned in the name of their associations that all legislation affecting

the business world, except the Trade Commission Bill, be withheld until a trade commission could look thoroughly into the situation and make a report in which congress might enact laws satisfactory to the manufacturers. Senator Pomerene accompanied the delegation.

President Wilson listened to their petition, but said he contemplates passage of the Clayton anti-trust bill. The petition says: "That business is hesitating, that the unemployed are numbered in the hundreds of thousands and abundant capital awaits investment."

DETROIT HAS BLAZE  
IN UNION DEPOT THAT  
CALLS OUT FULL DEPT

Detroit, Mich., May 28.—Fire which broke out in the basement of the Union depot last night was raging this morning despite the efforts of 40 companies of firemen, the largest number ever called on to combat a blaze in this city in the last 15 years.

Sixty firemen were in the hospital this morning, overcome by smoke, and scores of lives have been saved by the use of three pulverizers furnished by the Edison company. At eight o'clock this morning the main floor of the big depot was reported sinking and Assistant Chief McGraw ordered three companies out of the building.

A half-dozen ferruginous, held in the detention pen in the basement of the building, were trapped by the flames and a rescue force, headed by Capt. Carr of Truck No. 1, rescued them with difficulty, ten of them being overcome in the dash of smoke which poured from the room.

The fire was one of the most stubborn in the history of the city and caused a loss of \$40,000.

Presbyterians Are  
Opposed To Union

New Castle, Pa., May 28.—Appeared almost immediately after the general assembly of the United Presbyterian church and the Southern Presbyterian church at

Rome, Italy, May 28.—Magnificent ceremonies set against a background of such impressiveness as only the Roman Catholic church can produce attended the public consistory at the Vatican today when all the newly created cardinals who are in Rome were received by Pope Pius X.

The ceremonies were held in the gorgeous Hall of Benediction, the galleries of which were thronged with spectators, many of whom came from over the seas.

At eight o'clock the great bronze doors of the Vatican were thrown open to the international crowd which assembled in Rome for the secret and public consistory of the week.

Slowly and in large groups monks and nuns representing almost every religious order of the Roman Catholic church in the world filed into the Vatican between double rows of Swiss guards and made their way into Benediction hall.

Optimistic reports had been circulated that on account of the weakened condition of his health, the Pope might not be able to withstand the ordeal. These reports, however, were dispelled by the vigor with which he presided over the consistory. While the vast audience was thus speculating in silence, Mr. Riggs, prefect of ceremonies, entered.

All eyes were turned towards the entrance and as the papal chair borne by four stalwart members of the guards appeared upon the threshold the crowd threw itself upon its knees as if completely overcome by the solemnity of the scene.

Into the somber eyes set in the Pontiff's sad pale face gleamed an ethereal light as he glanced through the vast chamber and his lips moved quickly in an almost inaudible prayer.

The paleness of the Pope's face was accentuated by the ermine robes which encased his shoulders and the gold mitre which crowned his head. His eyes were deep sunk, showing the effects of weakness and fatigue.

With measured steps and studied care the chair-bearers moved towards the papal throne and the Pontiff raised his right hand in blessing upon the multitude.

The impressive ceremony was then carried out.

RODEHEAVER SOUIRMS  
WHILE MISS JAY TELLS  
OF HIS INFATUATION

Chicago, Ill., May 28.—Homer Rodeheaver squirmed. He blew fiercely upon his knuckles. He closed his eyes. He bit his lips, and then he heaved an immense sigh and made a face. On the witness stand 20 feet away from him sat the "girl of his dreams," his "soul-mate," his adorable "wonder woman," telling an interested jury and a breathless room full of spectators all about it. Ooh!

The girl was Miss Georgina Jay.

Not a single sigh or single vow of undying affection did his "wonder woman" leave unfulfilled. Beginning with love's young hallucination at the time of his first kiss and first vow, she carried her story to love's heartbroken awakening. It was terrible for Homer Rodeheaver, who is not an ordinary young man, but a vocal evangelist associated with "Billy" Sunday.

The interesting details began in 1908, when the raven-haired Homer met Miss Jay in Sioux City, Iowa.

"From the first," said Miss Jay, "we talked of how wonderful-ly we were fitted for each other. He told me then that I was his girl, his mate."

The author of these original remarks looked wildly out of the window in Judge Honore's court. Went on Miss Jay:

"We used to go horseback riding, and one day we got lost in the woods."

"Yes, yes," her attorney prompted.

"We got lost in the woods," she repeated, "and again he told me of how he loved me, and of how we were sort of fitted for each other, and all that."

The helpless Homer fastened his gaze upon the clock.

"He used to tell me every time we met that I was his ideal girl, that I was just the kind, just the kind."

"Go on," prompted the attorney again.

"Just the kind of a mother for his children—and that his intentions were honorable, and that—"

A heavy sigh distracted the witness for a moment. It was Homer, his eyes now riveted upon the window ledge. The witness continued averting her eyes from him and smiling. She told of her coming to Chicago and of his waiting 11 hours at the station for her because her train was late.

This was the first of January, 1910. She also told of leaving that same night for Iowa to complete his negotiations with "Billy" Sunday, and then of his return three weeks later to Chicago, when she met him at the station.

"Then followed a recital of the 'sweet little nothings' such as young men, affected as Homer, was alleged to have poured into shell-pink ears since the first rave was built.

It was indeed too much for Homer. In addition to Miss Jay's story there was the testimony of Mrs. Mayne Kelley of Waterloo, Mrs. Kelley in a deposition related her conversations with Homer Rodeheaver when he was a visitor at her home. She told of his informing her that Miss Jay was, among other things, the most wonderful woman in the world, and the only, dearest one for him.

Miss Jay took up her story:

"He used to tell me that I was his mate, because I could sing and because I could help him in his life. We used to feel as though the world was constructed for just us two and that everything would turn out happy. I was planning ahead of how we were going to get married and of how we were going to be happy. And then everything ended."

Miss Jay wept, Homer fidgeted again. And the jury pondered cabbily, for Miss Jay is not telling the story for her health, but for \$50,000, which she wants as heart balm.

Speaking in a low voice, scarcely audible, Miss Jay resumed the

stand again today. She continued her story of how Rodeheaver won her heart, and then refused to marry her. Miss Jay made a fetching appearance on the stand today. She wore a neat black and white suit and a jaunty little black turban trimmed with a white aigrette. Her black patent leather pumps puffed nervously against the side of the witness chair as she recited her story.

"Describe in detail some of the love scenes between yourself and the choir leader," she was asked.

"Well," she said, "in the presence of his sister, Homer asked me to play 'Rock Me to Sleep' on the piano, so he could sing it with me," said the witness.

"I told him I could not play it as well as his sister and he put his arms about me and led me over to the piano, saying 'You've got to get used to it.'"

"I often went to his office and I helped him write his letters so he could get away early. He asked me to be a sort of a companion to him."

"Did he make a specific proposal of marriage?" her attorney asked. Her face colored and she glanced at the handsome choir leader, who at that instant was seized with a violent fit of coughing.

"Well, he asked me to marry him. I do not remember just his exact words, but I knew it was a proposal."

"How did you feel when he asked it?"

"It broke me all up," she answered, and a tiny tear trickled down her cheek.

"I went to the office, but was unable to work, and I had to summon a physician when I got home. The doctor told me if I went to work the next day I would be brought home on a stretcher. I was a complete nervous wreck."

## SULPHUR IS THE ONLY THING FOR ITCHING ECZEMA

In the treatment of the various forms of disfiguring, itching and burning Eczema such as Acne, Ringworm, Salt Rheum, there is nothing known that can take the place of bold-sulphur cream.

It effects such prompt relief, even in the aggravated Eczema, that it is a never-failing source of amaze to physicians.

For years bold-sulphur has occupied a secure position in the treatment of cutaneous eruptions by reason of its cooling, parasite-destroying properties. Bold-sulphur is not only parasiticide, but antipruritic and antiseptic, therefore invaluable in overcoming irritable and inflammatory affections of the skin. While not always establishing a permanent cure, yet in every instance it instantly stops the agonizing itching, soothes the irritation and heals the inflamed, raw skin right up and it is often years later before any Eczema eruption again appears.

Those troubled should obtain from any good pharmacist an ounce of bold-sulphur cream and apply it directly upon the abrasion like an ordinary cold cream. It isn't unpleasant and the prompt relief afforded is very welcome.

## Follows A Woman, Gets Into Trouble

A trio of Rarden township farmers who had come to Portsmouth in an automobile Wednesday evening unexpectedly encountered trouble when one of their number became fascinated with the smiles of a strange woman in black Wednesday.

The men had been sitting about the Norfolk hotel when the woman, in passing, brushed against one of them. At the same time smiling broadly at him, according to his story. A few minutes later he saw her again opposite Miller's drug store. He is said to have followed her for four squares, whistling at her several times, and when she refused to stand and talk with him, to have asked her to meet him somewhere. Instead she hailed Officer Lander, back and reported that he had the man who assaulted her. The farmer, who is married, was released on \$100 bond furnished by his companions and employed Attorney B. F. Kimble to defend him in court Thursday. The woman, who is the wife of a stove foundryman, failed to appear, sending word that she was too nervous. The mayor heard testimony in the case, and then continued the hearing until the woman can give her statement to the court.

## Two Emmas For One George Cause Trouble

An open rupture in George Lust's "partnership" love game was aired in detail before Mayor Frick and to the edification of many interested spectators Thursday morning.

Emma McGlone and Emma Pertuset are the rivals for the affections of George and admittedly are jealous of each other, the latter claiming priority rights because she went with George first. The other Emma laughingly told the mayor she felt she was as much George's "steady lady" as the Pertuset woman whom she wanted to cease molesting her.

Both young women have kept the mouth. Lust started to lead company with Lust for several the latter down Sixth and Miss years. One night last winter Pertuset struck her again. Miss Miss Pertuset caught her rival Metilene said as far as she was talking to Lust at Sixth and concerned Miss Pertuset was well her of talking about her. She accused her of talking about her. Her temper got the better of her and she struck the Metilene girl on Miss Pertuset was all fussed up

over her enforced appearance in court and frankly declared she was tempted to pull the other's hair then and there. The mayor tried to change her mood by tactfully advising both if they were determined to keep playing their cards for George to hide up, put on an extra dose of face powder and start after George but seeing Miss Pertuset was not to be trifled with advised her not to bloody her rival's mouth, too often or she would be dealt with accordingly. The case against her though was dismissed because the offense complained of had occurred such a long time ago. Both young women are housekeepers by occupation.

Clerks To Play.

The grocery clerks and the butchers will meet on the diamond at Millbrook park Thursday afternoon. The clerks will present the following lineup: Holman, catcher; Mowrey, pitcher; Sanders, short stop; Seneca, first base; O. Hoffman, second base; Dunn, third base; Cronin, left field; Sivers, center field; and Dancy, right field.

## FAMILY FEUD IS AIRED TO MAYOR

A neighborhood quarrel produced by the family existing between Mrs. Julia Moore and Mrs. G. W. Davis of Campbell avenue and Jackson street occupied the greater part of Mayor Frick's time Thursday morning.

Mrs. Moore had gone to the mayor with a story about the other woman circulating statements that she did not pay her grocery bills and submitted to him an envelope containing a receipt for a \$11 account Mrs. Davis had paid at Hammond's grocery on the back of which was written that the Davises pay their grocery bills and then followed a violent tirade against Mrs. Moore.

Mrs. Davis admitted having lost her receipt but denied anything of the kind pointed out on the back of the note pointed out by the mayor to the receipt. The mayor took specimens of the handwriting of both women and said that the case would be referred to his daughters, who attend school and also submit samples of their penmanship. There has been a long feud between the families since Mrs. Moore first accused the other woman of complaining to the authorities about her grocery bills.

As an appreciation of work carried on in the past year, Rev. James E. Dibert, assistant pastor at Bigelow, was presented with a purse of \$50 at the third quarterly meeting of the conference held at Bigelow church Wednesday night. Rev. Dibert is also to be retained another year as the conference approved the decision of the official board to continue the mission work for another year.

The purse was made up from individual donations. Rev. Dibert furnished an excellent report of the work conducted during the past year, showing the distribution of papers, garments, the securing of employment for the sick and the number of meetings conducted. ## Against Subway

Editor Times:—I was the first resident to select Kendall avenue as the thoroughfare upon which to build and I differ with the actions of several of the property owners of Kendall avenue who are in favor of the subway. I located on Kendall avenue twenty-

four years ago and think that I am in a better position to say what ought to be done at the Kendall crossing than some of the other property owners who have not had their property but a few years. I still own several large lots near the much talked of subway and it is my opinion that the value of the lots will be greatly decreased by building a subway which other property owners say will increase the value of their land. I am in favor of the overhead crossing and think that it will be a great benefit to the city and the sooner work is started on the construction of the proposed crossing I will be the more in the right light. It will mean a betterment of the unsanitary conditions now existing in that part of the city. My reasons for being in favor of the overhead crossing are the same as those made public by Attorney Henry T. Ransom.

It is, indeed a proud day for parents when their sons and daughters graduate from school or college and receive their certificates of scholarship. ## Picking Up Money

Using these columns is pretty much like picking up money on the streets. Walking is small effort, you wear out a little the leather, the money you pick up is clear gain, if you can't find the owner.

So it is little effort to telephone your "want" to this paper, your carrier will collect the little cost—only 3 cents a word (each insertion)—and the little ad is altogether likely to get for you what you want.

## The Question Answered

## WHAT IS THE SECRET OF MONEY MAKING?

The real secret is the saving of money. That is plain as the nose on a man's face, to use a common expression. Yet, and that is the unfortunate fact of it, so many persons fail to see it. They want to save when they get big money. They do not appreciate that little savings make big money. Let us show how: A man takes a dollar out of his week's wage and puts it in our bank. At the end of a week he finds he has got along quite as well as if he had spent it. That moves him to put in another dollar, maybe two. Anyway he learns to save regularly and maybe to increase his savings.

In five or six years he will find his savings with interest, have mounted up to several hundred dollars. That's capital. He can find investment that will help it grow faster. He's found what money's worth, how it is made and he is pretty safely on his way in competency.

We'll be glad to help you to save—take as little as a dollar to open a savings account and allow you compound interest on all your savings.

# Miss Dolly Wise

Questions concerning love, matrimony, she is here to answer any and all. She should be addressed to Miss Dolly Wise, care The Daily Times, Portsmouth, Ohio.

Dear Dolly.—A crowd of girls and boys are planning to picnic out in the woods somewhere Decoration Day and would like to have you to chaperone us. Can you do it?

JOLLY PICNICKERS.  
Sorry, but I have made other arrangements for that day. Will be busy here at the office until noon, and have planned to go to the ball game in the afternoon, maybe. I hope you won't go to the hills without a competent chaperone.

Dear Miss Wise.—I am a girl 17 and am keeping company with a boy 32. Is he too old for me?

BLUE EYES.  
He's not much of a boy any more, and he is decidedly too old for you. Have nothing more to do with him.

Dear Miss Wise.—A boy kissed me and I slapped him. Now he is mad. How can I make up with him?

JOSEPHINE.  
He deserved a good hard slap. If he cares anything about you he won't stay mad long.

Dear Miss Wise.—Is it proper for a 16 year old girl to go to night church with a fellow?

DARLINE.  
If the young man is thoroughly respectable there is no harm in letting him escort you to and from church, if your parents are willing. Do not loiter on the way home from church.

Dear Dolly.—I am a girl of 16 if I never marry would school teaching or music teaching be proper for me? If which would you advise me to take up?

BACHELOR GIRL.  
It depends upon your education and whether or not you have the ability to do either.

WHEELERSTON, O., May 27.  
Dear Miss Wise.—Will you please tell me how to clean coral beads. Have tried soap and water without success. Thanking you in advance.

KITTY.  
Dip a soft cloth in ammonia and rub it over the beads.

Miss Wise.—Will you kindly tell me how to clean routine hats in order to retain their shape and new appearance, and oblige.

A SCORE OF FRIENDS.  
Better have them dry cleaned. However, you can wash them with soap and water and put them on a bucket to dry.

Miss Dolly. I am a girl thirteen years old. I am small for my age, though I have some friends from 8 to 10 years old. Am I too old to run with them? The girls my age are looking after boys. I don't like to run with them. Do you think it is better to run with the smaller girls? Would you please tell me

something to take freckles off. Also something to keep them from coming back on my face. Am sending some of my hair. What color is it? Do you think it is pretty?

WANT TO KNOW.  
Better run with the smaller girls. See answer to Susie Wooley in Wednesday night's paper for a freckle remedy. You must have forgotten to put a lock of your hair in envelope, as I failed to find any.

Dear Dolly.—I have been reading your column in the Times and enjoy it very much, so I have come to you with a few questions which I feel assured you will answer. Is it all right for a boy of fifteen to give a girl of the same age a graduation present, and if so, what would be nice to give her? I received her invitation and would like to know if it is all right to give her a present. Is my writing good?

RED G.  
Sure it would, Red. Give her a bouquet of flowers out of your yard or a book. You could have the usher give her the flowers the night she graduates. Your writing is just fair. No doubt you could improve it by practice.

Dear Dolly.—Which would you consider the best for white blouses to be made rather elaborately, crepe de chine or silk?

DOLLIE.  
Crepe de chine is the prettiest. I think, but in laundering it grows yellow unless washed in gasoline. It lends itself much

better to lace trimmings or elaboration.

Dear Miss Wise.—Will creams containing vaseline increase the growth of hair?

DOROTHY.  
Yes. Creams containing vaseline or lanolin should not be used on the face, for they are both apt to produce a growth of hair.

Dear Dolly.—My head is covered with dandruff, which falls down on my coat collar and looks very untidy. Will you kindly tell me a remedy to cure this annoyance?

WILLIAM.  
Castor oil rubbed well into the scalp two or three times a week will help to get rid of the dandruff. The scalp should be massaged with the finger tips every day to keep the skin loose and the blood flowing through the tissues. Without a good supply of blood the scalp is sure to become ill and the hair unattractive. After the massage brush the hair thoroughly. If you find that the castor oil treatment is not successful try the sulphur preparation. To an ounce of sulphur add a quart of soft water (rain preferred) and during intervals of several days agitate the mixture repeatedly. After the sulphur has settled to the bottom of the receptacle use the clear liquid. Saturate the head with this every morning and in a few weeks every trace of dandruff will have disappeared. The hair will become soft and glossy, and there will be no return of the old trouble.

She carried an armful of bride roses and carnations tied with pink and white ribbons. After the ceremony the bride and groom were driven to the home of the bride's parents, Mr. and Mrs. Henry Frische, where at eleven o'clock an elegant breakfast was served. # Episcopal Convention Came To End Thursday

At 12:30 o'clock Thursday afternoon the most profitable and productive convention of the Southern Ohio Diocese of the Episcopal church came to a close at All Saints church, corner Fourth and Chillicothe streets. The convention had been practically in continuous session since 9 o'clock Wednesday morning. Attendance at the convention, which was the fortieth annual session, was the largest in years, and the business was handled with promptness and despatch.

During the closing minutes of the final session the convention disregarded the recommendation of the committee on place of holding next meeting, and by a vote of 34 to 30 decided to hold the 1915 convention at the Church of the Good Shepherd, Columbus. The committee recommended Christ church, Glendale, a suburb of Cincinnati, but the Columbus boosters won out on the floor of the convention. Fully half of the delegates had left for their homes when the vote was taken.

Elections held during the Thursday morning session resulted as follows: For lay members of the Cathedral Chapter—Mortimer Matthews, of Glendale; Gideon C. Wilson, of Columbus; and E. L. Sternberger, of Cincinnati; and Chandler Robbins, of Springfield.

Delegates to the Primary Synod of the Fifth Province—Rev. J. M. Hunter, Marietta; Rev. James Monroe Collins, Cincinnati; Lytle Foster, Cincinnati; J. H. Early, C. E. Foreman, State of Church—Rev. William A. Henderson, of Zanesville; Rev. Edmund H. Osley, Cincinnati; Rev. A. J. Wilder, Athens; A. S. Mathelette, of Newwood; Mr. Mundhenke, Mr. Alexander, Endowment of Episcopate—Ed. Rev. J. P. Chumney, of Columbus; Rev. F. L. Flinchbaugh, of Cincinnati; Rev. L. P. Franklin, of Newark; Lay—Dr. C. A. Eckert, of Columbus; J. A. Gallaher, of Marietta; E. L. Sternberger, of Cincinnati; W. O. Frohock, of Columbus.

## Wednesday Morning Session

Advancement of the cause of the Diocesan Missions and Social Service was made the burden of the Wednesday evening session of the fortieth annual convention of the Southern Ohio Diocese of the Episcopal church, held at the All Saints church, which was attended by a large crowd of visiting delegates and local parishioners.

Concrete evidences, reproduced by lantern slides, showed to what extent the activities of the church are being used in promoting the cause of Christianity and a better standard of living in the less fortunate regions of the Diocese, and it was most gratifying to local Episcopalians to take note of the noble work that is being done by the church, its clergy, and its Social Service Commission, throughout the Diocese, and especially in the Hocking Valley mining district, where the need of workers is most apparent.

No more able champion of the coming generation in the Hocking Valley district could be found among the delegates than Dr. Frank H. Nelson, rector of Christ church, Cincinnati, who spoke for about a half hour on the crying need for community leadership in that section. He illustrated his address with lantern slides, made from pictures taken in the heart of the mining district.

Others who spoke were Canon Charles G. Rende of St. Paul's Cathedral of Cincinnati, also superintendent of City Mission Society of Cincinnati, who spoke of the work that is being done in the smaller communities in and about Cincinnati, and Rev. J. A. Dodson, Archdeacon of the Columbus Diocese, who talked of the work that the church is doing in the smaller cities, towns, and communities in the Columbus Diocese. Both of these speakers used lantern slides to show the extent of the mission work in the different sections of the Diocese, and its rapid and substantial growth.

## Many Surprised At Scope of Work

To many, the information came as a most welcome surprise, as so much of the work has been promoted by the church, that few had knowledge of its scope and substantial effect. No portion of the Diocese, no matter how isolated or remote, but what receives a wholesome influence from the Episcopal church, which is doing its part to reclaim the lost and elevate the standard of morals and right living in every section of Southern Ohio.

Rev. Nelson's address was a most eloquent plea for concerted interest on the part of the parishes throughout the district in the spiritual and educational development of the region.

## Liberal Donation

So closely did Rev. Nelson reach the hearts of his hearers that the collection, taken near the close of the services, showed a most liberal contribution. The entire amount will be applied to the "Hocking Valley Fund," to be used in the promotion of just such work as Rev. Nelson outlined. He stated that the church expected to send a man into the district within the near future, who was endowed with the necessary qualifications to make his efforts in that direction successful.

## Canon Rende Makes A Fine Address

Canon Rende's brief talk was a review of what had already been accomplished in the mission line in the Cincinnati district, which spoke multitudes for what the clergy in that section of the Diocese had accomplished. By means of lantern slides, he showed pictures of little missions at Hyde Park, Oakley, Westwood, Wyoming, Addison, and other points in and about Cincinnati.

At each of them the church is engaged in a noble work, evidences of which were plainly apparent. Out of some of these missions will grow parishes that within a short time will be self-sustaining.

Canon Rende also showed a picture of the Bethany Home at Glendale, which is kept up by the church. A few of the slides reproduced pictures of services that had been held in the various hospitals in Cincinnati. Canon Rende stated that the Episcopal church was the only church outside of the Roman Catholic church which held regular services in the various hospitals of Cincinnati.

Archdeacon Dodson's talk embraced a wider field, including that entire district west of Cincinnati and Dayton to the Ohio river on the east. Pictures of the missions maintained by the church at Granville, Cambridge, Barnesville, Bellair, Martin's Ferry, Logan, Nelsonville, Athens, McArthur, London, Gilboa, Oxford, Mechanicburg, Nashville, New Lexington, Wilmington, Pomeroy, Lebanon, Worthington, and the colored missions of Dayton, Columbus and Chillicothe.

Some were enjoying a hearty growth, while others were small and

poverty-stricken, but everywhere the little congregations were faithful and ambitious for a greater growth and development, according to Rev. Dodson. That a wonderful work for good has been accomplished in these small missions, there can not be the slightest doubt, Rev. Dodson declared, and the coming years will see an even greater and more lasting growth and influence for good.

Of interest to the audience was one slide shown by Rev. Dodson, which showed a picture of St. John's church, Worthington, which is the oldest Episcopal church west of the Allegheny mountains, having been founded in the year 1801.

Just before the close of the session lantern slides, reproducing historical events in the life of the Episcopal church, were shown on the canvas and were greatly enjoyed.

Another pleasant feature of the service was the congregational singing, led by the vested choir of All Saints church. Songs appropriate to the occasion were selected, the words being thrown on the canvas by means of the stereopticon machine. Prayers for Missions were said at the opening of the service.

## Convention Notes

One of the live wires of the convention was Rev. Frank H. Nelson, rector of Christ church, Cincinnati, who took a prominent part in the important discussions during the sessions. Rev. Mr. Nelson is interested in the mission work of the church, and his address of the most enjoyable features of the convention.

Rev. Nelson was a friend of the late financier, J. P. Morgan, and was in Rome at the time of Mr. Morgan's death, being temporarily in charge of the Episcopal church in Rome. He took part in the funeral services held at Rome prior to the shipment of the body to this country, and also delivered an address at the memorial services in Mr. Morgan's honor, held at the American Episcopal church of Rome. Rev. Nelson was formerly connected with the church in New York of which Mr. Morgan was a member, and was often thrown in contact with the financial wizard in his church work. Rev. Mr. Nelson is a gentleman of delightful personality.

Rev. George M. Glickner, rector of Grace church, College Hill, Cincinnati, officiated as secretary during the convention. He is an expert shorthand writer, which aided him considerably in handling the proceedings of the convention.

Cincinnati, a lay delegate, was assistant secretary.

Miss Lottie Anderson, J. Adam Birkel, Salem Shaw, Lester Howard, and Mr. Griffin, local singers, assisted the All Saints choir at the services Wednesday evening.

## What Thin Folks Should Do To Gain Weight

Physician's Advice For Thin, Underdeveloped Men and Women

Thousands of people suffer from excessive thinness, weak nerves and feeble physiques who, having tried advertised flesh-makers, food-cakes, physical culture stunts and rubber creams, realize their need for a life-giving tonic and find nothing will make them fat. Yet their case is not hopeless. A recently discovered regenerative force makes fat grow after years of thinness, and is also invaluable for restoring the waste of diseases of feebly digestion and for arousing the nerves. This remarkable discovery is called Sargol, six strengthening, fat-creating elements of its knowledge more than have been combined in this new preparation, which is endorsed by eminent physicians and used by prominent people everywhere. It is absolutely harmless, inexpensive and efficient.

A Sargol's systematic use of Sargol should produce firm and strongly by purifying the blood and by supplying highly concentrated fats to the blood, increased nourishment is obtained from the food eaten, and the additional fats that thin people need are provided. Leading druggists supply Sargol and say that it is a large demand.

While this new preparation has given splendid results as a nerve-tonic and vitality-builder, it should not be used by nervous people unless they wish to gain at least ten pounds of flesh.

# IRONTON BEATS PORTSMOUTH; SCORE 9 TO 4

## UP-RIVER TOWN GETS REVENGE

Ironton, May 28.—At last that bug that has been nesting on the form of the Nallers for the past week or so has been killed and Nallers swarms proven to be the bug which laid the insect low, while the lowly Cobblers, under the guidance of Sir Peter Childs, was the medium through which the bug juice was administered. The Nallers came back strong against the Cobblers Wednesday afternoon in a slugging at the expense of Mr. Nally, a long, hungry looking fellow who formerly twirled for the Lexington Colts, but of late has been doing mound duty for the Cobs with some little degree of success, and capped the game easily by the score of 9 to 4. A total of 16 blows were scored by the Nallers, six of them coming in the third inning, when five juicy rallies put the game on ice. Manager Smith's three-base drive did the major part of the scoring work in this frame. However, the Nallers were not content with their lead and along in the eighth Mr. Nally was treated to another battering line, this time made from inside like a bush of the first water, especially after he walked Manager Smith, choking the sacks, caused McDaniel, who was catching a wonderful game and hitting hard, to pop easily to Goose, then Dickering Nally, the old batting kid of the day, who on his previous four trips to the plate had secured a double and two singles, warmed up to one of the Nallers' shenanigans and sent it to the scoreboard in center-field, scoring three men ahead of him. It was then his big day and the fans are glad that he is hitting his batting stride. All the boys are hitting well now and are bound to win ball games.

Hagerly was started on the mound by Manager Smith but was not in the best of form, however. He held the Cobs safe enough until the seventh, when with none out and Jones hitting on third, he was threatened to the up the game and Manager Smith called upon Lefty Dasher to prevent such a calamity. To say that Lefty did as was expected was putting it mildly, as he forced the next three men to go down easily and without through the roof of the game without being bothered off him, all eight of the Cobs' hits being secured off him. Dasher was in great form and had things his own way.

McDaniel caught a swell game and clipped off a timely single and scored in the scoring. The game was a beauty and is as follows:

**First Inning**  
Hagerly was given free transportation. Ditzel hit and scored. Nally, Smith, and Baggan were caught by Dasher on Smith's swell throw from first. A classy double play Dasher sent to the post, second, and third, and Ditzel hit a hard run.

Jack Randall drove a single to center. Kelly was hit on the foot by a pitched ball. Lefty Dasher and Kelly were caught napping off first. Dasher beat out a single down the third base line and went to second. Kelly hit Smith and went to second. Kelly hit Smith and went to second. Kelly hit Smith and went to second.

**Second Inning**  
Edwards singled past second. Goose, from second, Hagerly to Smith. Munson popped to Hagerly. Prosser doubled down the left. Line scoring Edwards. Dasher fanned.

McDaniel doubled to center. Nally out, Prosser to Edwards. Dasher fanned out to Baggan. Hagerly fanned.

**Third Inning**  
McDaniel accomplished Baggan's death on a foul pop. Ditzel singled past third. Goose hit to Ditzel. Hickey out to Hagerly to Smith.

Kendall lined to Dasher. Kelly hit past short and scored. Ditzel singled to Goose. Dasher clipped off his second single to third base and for Goose. Smith tripled to the right field wall, starting a parade in which Kelly, Bell and Dasher. Dasher hit Nally in the slots. Nally hit to Dasher and Smith scored. A close decision at the plate. Dasher singled to center, scoring McDaniel and sending Nally to third. Dasher stole second. Hagerly stroked. Dasher popped to Edwards. Kelly out on a grounder to Edwards.

**Fourth Inning**  
Edwards popped to Hagerly. Goose, from second, Dasher to Smith. Munson popped to Hagerly. Prosser doubled down the left. Line scoring Edwards. Dasher fanned.

McDaniel doubled to center. Nally out, Prosser to Edwards. Dasher fanned out to Baggan. Hagerly fanned.

**Fifth Inning**  
Prosser ambled. Dasher's rap to Dasher forced Prosser at second. Hagerly knocked down the ball and was given an assist. Baggan homered a single off Dasher's shins. Ditzel bounced to Dasher, forcing Baggan, but scoring Dasher. Dasher fanned, scoring Ditzel. Hickey fanned to Kelly.

Nally doubled to Dasher's sacrifice. Dasher to Edwards. Hagerly was called out on strikes. Kendall out, Dasher to Edwards.

**Sixth Inning**  
Edwards out, Dasher to Smith. Goose, from second, Dasher to Smith. Munson popped to Hagerly. Prosser doubled down the left. Line scoring Edwards. Dasher fanned.

McDaniel doubled to center. Nally out, Prosser to Edwards. Dasher fanned out to Baggan. Hagerly fanned.

## Reds Win Again

The Reds won their series of games with the Eastern club Wednesday by defeating Philadelphia, 8 to 4. Cy Marshall was trotted out by Manager Doherty, but the former Ohio State star did not have his best day. He was replaced by Dasher, who fanned no batters. Dasher pitched the game for the Reds. Ames and Dasher worked for the Reds. The score:

**Notes**  
Things were just breaking had for the Nallers during their losing streak. They were hitting hard enough, practically every game outlasting their opponents, yet they couldn't win. It was baseball. The fans should get behind them. We have a splendid team and with everybody hustling we can produce a winner. Manager Smith is doing everything in his power to produce a winner and deserves praise.

Nally was just right yesterday. He hit that old potato head every time up while on the other hand Dasher was not hitting them as fairly as he wanted to. Some one has to have a slump, for if the boys could hit every time at it they wouldn't be down in this league.

Lexington seems to be slated for the first division in the league race. They have made 18 hits in the last three games, which, considering the fact that they are playing on a field that is not a home, is a pretty good record.

Dahling pitched a better game than Jones Tuesday, and Dasher, Shaffer stated that it was the closest and best game that he had ever witnessed.

## Won 11, Lost 4

The Reds played magnificent ball during the series played with the team representing the Eastern East. Let's see just what they did do: They won four in row from Boston as a starter. Then they had a four-game series with the Giants. The first game they won. Brooklyn three out of four, and wound up the great series by capturing the odd game in a series of three with the Phils. They won 11 games and lost four.

Two weeks ago most any fan would have bet 20 to 1 that the Reds would not do so well with the Eastern team, but a prediction in baseball is a hazardous piece of business.

What a wonderful player the Reds have in Little Johnnie Grah. Day in and day out this little developed Tennessee performs sensational feats on the diamond. Many critics consider Grah the best second baseman in the National League and say that next year he should be as good as Eddie Collins of the Athletics. Grah is so graceful that he makes many of his hardest chances look easy.

## IRONTON WRITER GOES AFTER THOSE NAILERS

The writer witnessed his first baseball game of the season Tuesday and what he saw was, of course, a double disappointment. Defeat is bad enough at any time, but when a team appears as weak as Portsmouth on a double disappointment, it is a double disappointment. Defeat is bad enough at any time, but when a team appears as weak as Portsmouth on a double disappointment, it is a double disappointment.

It is now says that the Nallers, he handed out to the public in the early part of the season was artificial—that the players never could play and that they were to be compared to so many washer-women. He has simply turned and is back-tracking to the alibi cellar. And it is because the ex-champs were so bad that the Nallers, he says, that Dasher, Edwards, Munson and Dasher are not the players they were last year. He attempts to belittle the Nallers at the expense of the Nallers. He says that the Nallers are not the players they were last year. He attempts to belittle the Nallers at the expense of the Nallers.

It is the beginning of the end so far as baseball is concerned in Ironton. When it is too late, the Register's writer will wonder why it all came about. His attempt at sarcasm concerning the local players only goes to show that he is an amateur critic, possessing neither judgment nor taste. It's pathetic stuff. He is pulling and people down this way are willing to let him wear a No. 1 hat and 1914 collar.

The above voluminous article was clipped from the Ironton Register. For a while it has been a habit of the local boards that has so far appeared this season. Fans around the circuit had at heart hoped that the Register's article would allow the Nallers manager to run the club until the fourth of July, when it was a dead horse, certainly he would assume that position, unless the time

## Record Hot Wave Is Being Recorded

The first three days of this week have been unusually warm for May, and, according to Weather Observer Dr. Harry Schirrmann, this is the longest stretch of extremely warm weather that has been recorded in this month in many years. And a singular coincidence attached to the heated period is that the mercury touched exactly 95 on Monday, Tuesday and Wednesday.

There has been much suffering owing to the suddenness of the heat wave, which has hit the city in its mercurial grasp. Physicians report much sickness among children, owing to the oppressiveness of the heat.

Many hopelessly blind might have been saved if they had cared for their eyes in time.

## Sweet Young Girls Are To Graduate

An invitation has been extended to the general public to attend the commencement exercises of the New Boston high school graduates Friday evening at the Casino in Millbrook park. The exercises will begin promptly at 7:30. The popular summer theatre is expected to be well filled when the curtain rises for the final exercises in which the graduates are to take part. This year's class consists of five girls, Helen Mary Waller, Hazel Opal Walters, Myrtle Marie Thomas, Ruby Mary Nourse and Bryan Minnie Taylor. An odd coincidence is that the middle initial of four of the graduates is M, but only two of them have a middle name alike, and that name happens to be the most common of girl names, Mary.

It has been planned to have the entire school board on the stage, along with the entire student body of the high school, which numbers eighteen. The teachers in the elementary grades are to take an active part in the program. A program that has never had its equal at any of the former commencements has been splendidly arranged by Superintendent S. D. Eckhart.

## PAINTER GOES INSANE

John Lauxmann, the Canton, O., sign painter, who went suddenly insane, was adjudged a lunatic by Probate Judge T. C. Beatty after an examination conducted by physicians at police headquarters Wednesday evening and was removed to the Athens asylum Thursday morning.

Lauxmann kept up his ravings all night long, disturbing the other prisoners to such an extent that those of them ordered to work on the roads were excused from duty because of loss of sleep and rest.

At 3 o'clock Thursday morning Dr. W. E. Gault was rushed out of bed to quiet him. Judge Beatty said Lauxmann was worse off mentally and physically than any patient that has ever come under his observation and it is thought he can not possibly live very long.

## Claims He Was Insulted

John Reilly made complaint to the police Wednesday evening, that he had been grossly insulted by a gang of "finger-men" coming past the upper ferry landing in a skiff.

Mr. Reilly had gone to the water's edge to watch his son, who was swimming. The men in the boat discharged three empty beer kegs on shore, then as they put out stream again, began vilifying him without provocation. He furnished the police with the names of Frank Booz, Lynn Jones and Roy Donley, but efforts to locate any of the trio were futile.

## C. & O. Terminals For Portsmouth

It is said to be a settled fact that the C. & O. will establish terminals in Portsmouth once the new bridge across the Ohio here is completed. Sites for this purpose it is said are now being sought in the vicinity of Cole's Boulevard. The railway has among others sought a route across the Hill Top along Kinney ravine and through the ravine past the east side of Sunnyside but valuations on land in that section are prohibitive.

## Officers Elected

The Holy Name Society of Holy Redeemer church revived interest in its organization at an enthusiastic meeting held in the K. of C. club rooms Wednesday evening.

## Greatest of All Human Blessings

This is an external application to enable the abdominal muscles to become more pliant, to expand naturally without undue pain from the strain upon cords and ligaments. In almost every settled community are women who have enjoyed the blessing of this famous remedial and helpful embrocation. Their daughters have grown up to learn of its splendid assistance. Applied as directed upon those muscles involved it restores the fine network of nerves with which all the muscles are supplied. Thus a great share of the pain so much dreaded may be avoided and the period of expectancy passed through in ease and comfort. Anything that adds so much comfort must be counted as a blessing indeed. In a little book sent by mail much useful information is given to inexperienced mothers. ## May Buy Land In This Section For A Forest Preserve

Columbus, O., May 28.—Fifty thousand dollars is at the disposal of the state agricultural commission, with which to acquire abandoned farm lands between Portsmouth and Chillicothe, and east of Chillicothe, according to S. E. Strode, a member of the commission. It is planned for the state to acquire these lands to carry out the scheme of reforesting in the state and establishing game preserves. The land, it is said, can be bought for \$1 to \$5 an acre as it is not suitable for farming and would be good for forestry and game preserves.

## BURLY NEGRO PROWLER IS AGAIN IN EVIDENCE

A burly negro, believed to be the same who attacked Ruby, the 6-year-old daughter of Isaac Crawford of Gay street, a few evenings ago, was discovered prowling about the rear yard of Wilbur Reeg, a brickmason of No. 730 Tenth street Wednesday night at 10 o'clock.

Mrs. Maggie Herron, wife of Mack Herron, a teamster, had gone to the Reeg yard after a pan of water when startled by noises nearby and turning around was terrified at the sight of a negro advancing toward her. She began screaming for help and her husband rushed to her assistance, the negro taking to his heels.

Mrs. Reeg who had been across the street calling on her mother, notified the police. Officer John Smith made a thorough search of the neighborhood but the negro had made good his escape. Mrs. Herron's description of him tallied considerably with that of the little Crawford child's assailant. Mr. Reeg was at the Building Trades council meeting at the time of the occurrence.

## Church Buys Site For Its Parsonage

A real estate deal of considerable importance was formally consummated Thursday morning, when trustees of the German Evangelical church came into possession of W. E. Hancock's property, on the southwest corner of Sixth and Washington streets. The two-story brick building on the corner, in which Mr. Hancock has been conducting a grocery store, is to be razed and the dwelling in the rear is to come down. The property was acquired as a site for the parsonage of the German Evangelical church, which is to be moved from its present location

on Fifth street. It will be placed in the center of the Hancock property and beautified as much as possible. Mr. Hancock will close out his store at once, as the trustees of the church have already awarded the contract to the Muth House Moving Company, of Columbus, to move the parsonage from Fifth street to Sixth and Washington streets.

Later on the trustees expect to build a Sunday school building that will adequately meet their demands on the lot on which their parsonage now stands.

## MURDERER BEARD TAKEN TO Ironton WEDNESDAY NIGHT

Harley Beard, self-confessed youthful murderer of the Massie family at Greasy Ridge, Lawrence county, two weeks ago Wednesday night, is now a prisoner in the Lawrence county jail. He was removed from the Scioto county jail quietly Wednesday evening about nine o'clock by Sheriff Sloan, of Lawrence county, and taken to Ironton in an automobile.

The utmost secrecy was maintained in carrying out the arrangements for his removal, both at Ironton and at Portsmouth. It was not until late Thursday morning that anyone outside of the officials of the two counties knew that he was no longer in jail in this city.

Sheriff Eckhart received word late Wednesday afternoon from Sheriff Sloan that he would be here during the evening in an automobile, and preparations were made accordingly at this end. Owing to the feeling against young Beard in Ironton it was deemed unwise to take him to that city on a train, and it was also considered advisable to transport him from one county to the other under cover of darkness. The plans were carried out successfully, no one knowing that the transfer was being made.

It was about 9 o'clock Wednesday when Sheriff Sloan, accompanied by his wife and chauffeur, Ernest Daniel, drove up in front of Sheriff Eckhart's residence. That official had made ready for his coming, and little time was lost in bringing Beard from his cell to the automobile. The youth, who will soon face a charge of murder, was first garbed in a new suit of clothes brought by Sheriff Sloan, in order that the danger of carrying disease germs from the jail here to the Ironton jail would be lessened. Since his incarceration here one of the inmates of the jail was taken ill with a contagious disease, which accounted for such measures being taken.

Beard exhibited but little interest in the proceedings and submitted to being handcuffed to Sheriff Sloan without any comment. The leg irons were not employed, the Lawrence county sheriff deeming such action as unnecessary.

The trip to Ironton was made without incident, Beard making no effort to cause Sheriff Sloan the slightest inconvenience or annoyance. The automobile pulled up in front of the Ironton jail about 11 o'clock and Beard was soon once more behind prison bars.

The removal was made so quiet that no one in Ironton outside of the sheriff and his family were aware of it, and the first intimation that it had been accomplished was when The Times called from Ironton Thursday afternoon to learn whether or not Beard was a prisoner in the Lawrence county jail. Sheriff Sloan denied having him in custody for a time, but later admitted that the youthful murderer was safely secured behind the bars of the prison there.

Sheriff Sloan also stated that Beard was served with a copy of his indictment on a charge of first degree murder, returned by the Lawrence county grand jury last week, Thursday morning at 8 o'clock. As the law provides that he cannot be arraigned until 24 hours have elapsed from the time of service, he could not be arraigned Thursday, but may be arraigned Friday morning. However, the general belief is that he will not be arraigned until next Monday morning, the arraignment to be followed promptly by a speedy trial.

According to Sheriff Sloan, the feeling against young Beard in Ironton has somewhat subsided, and he stated that he anticipated no demonstration of any kind while Beard is in his custody.

## BUT THOMAS FILLED THE RADIATOR

Assistant Postmaster David Thomas wants no more joy rides to Oak Hill, fearing a repetition of the discomforts that overtook him Tuesday morning at 2:30 o'clock at Harrisonville. The water tank in the automobile in which Mr. Thomas was riding needed replenishing, and as the P. M. wanted to show his graciousness to his host, he volunteered to fill the same. At the pump in the Wanser-Riley home he found a tin cup. This he filled and poured into the radiator, tank an endless number of times. Finally his eyes fell upon a little toy wagon. The host of the plaything was perfectly water-tight and it was soon filled. And then Thomas' troubles began. In climbing a fence the tongue of the wagon caught in the pickets and the water was spilled all over Mr. Thomas, who declared with plenty of vehemence that there had been a claud burst. He was soaked from head to heels. The fact that his clothes were covered with dust, practically meant a ruin of his outfit. Of course he lost his religion for a moment during which time Ben Harris, A. J. Fuller, Ed Gings and one or two others nearly died laughing.

## SALESMEN ROUND IN

While in St. Louis, Mr. Bittner ran across Al Bridwell, with whom he spent several days. He is exhibiting a fountain pen, which Manager Brown presented to him, after a Federal League had used it in affixing his signature to a contract.
